

MARDEN CEMETERY MAINTENANCE PLAN

Longer term strategy for biodiversity enhancement of pond to be established

Banks to be kept clear of rubbish and clutter

Hedge to be allowed to grow to 3m in height; field gate gap should be cut back to allow access to new area to west

Hedge gap (at gate) to be re-established

Inside of hedgerow, boundary should be left unmown for 1m

Boundary Hedges to be allowed to grow to 3m in height, where doing so would not impact visibility spays onto Maidstone Road

Plants within first 3m of land should be allowed to mature

- All grass to be kept low
- Hedgerows between sections should be allowed to establish and be reinforced
