

Marden Playing field - Changing room public consultation

1. Page 1

1. The options are:				
Answer Choices			Response Percent	Response Total
1	Use as a dedicated youth facility with controlled supervision	<input type="text"/>	76.47%	26
2	Demolish the existing building and replace with a small building for storage	<input type="text"/>	14.71%	5
3	Any other suggestions from residents	<input type="text"/>	8.82%	3
			answered	34
			skipped	1
Suggestions: (9)				
1	17/02/2023 16:18 PM ID: 211257124	Absolutely make use of the space. Community space is so important.		
2	17/02/2023 16:23 PM ID: 211257554	<p>I completely agree that we should take the opportunity to provide more facilities and services for young people. And I was encouraged to see the Parish Council's stance on this, so thank you.</p> <p>If the budget allows for controlled supervision, then this is my first choice.</p> <p>If however, there's a risk we'd end up with a facility that they cannot use (because no supervision can be provided), then how about a skate park?</p> <p>I'm always struck by how well-attended the one at Staplehurst is, by polite and well-mannered teens. They're low maintenance, require no supervision, and encourage physical activity.</p>		
3	17/02/2023 16:45 PM ID: 211259466	<p>Use the money to Build a more stable and covered seated area for children in the baby park as the old one keeps on being vandalised.</p> <p>Build a picnic area in place of the existing building</p>		
4	17/02/2023 18:26 PM ID: 211265868	I think this is the most sensible use of this building.		
5	24/02/2023 15:13 PM ID: 211794473	<p>Demolish the building and use the money to extend the play area.</p> <p>Install some picnic tables</p> <p>Provide more shade near the play area</p> <p>Is there continued budget to provide the supervision if it was a youth facility?</p> <p>Water play area</p>		
6	24/02/2023 15:39 PM ID: 211797443	<p>Lets support the youth in our local area, it would be brilliant if a youth service was set up but funding/investment is needed in running a compelling, attractive service that will be used. Lets also think about how the youngsters can contribute positively to their village in the form of community fundraising events.</p>		
7	24/02/2023 20:41 PM ID: 211816295	Time to invest in our young people!		
8	04/03/2023 07:43 AM ID: 212357162	<p>Although i agree youngsters could do with more options i dont feel the playing field is an appropriate place</p> <p>To install such a venture mainly because of the close proximity to Rookery court.</p> <p>There is also the problem</p> <p>Of getting leaders to run such a scheme. Storage is always going to be a problem and therefore my vote is as above</p>		
9	05/03/2023 09:49 AM ID: 212388784	<p>With many more new builds and families arriving, whose to say Marden minors football or even a rugby club would enjoy new changing room facilities and a place to play/train for sports.</p>
