

2019 MBC CALL FOR SITE FEEDBACK FORM

The Parish Council needs to co-ordinate a response to Maidstone Borough Council on the 2019 Call of Sites exercise. It is important that the views of all residents are represented. However, you will understand that any abusive, derogatory or offensive comments are unhelpful and cannot, and will not, be included.

Please list the sites that you consider the most suitable for development. Then please list the sites that you consider to be the least suitable. It would be useful if you could also say why you have reached this view.
